

Belgian Matrix Fiber Optic Sensors Company

Overview

B-SENS is a spin-off company from the University of Mons in Belgium founded in 2016. It capitalizes more than 20 years of intensive research and development activities at the forefront. B-SENS designs and develops OEM temperature, strain & gas sensors based on optical fiber gratings. These full. Sentea is a scale-up with its origins at the joint Photonics Research Group (PRG) of Ghent University and nano-technology research center imec. The PRG has been working on silicon photonics based fiber optic sensor technology and interrogators since 2009. While traditional prism-based SPR setups are considered the standard, their bulky size and expensive components limit their use outside of. VOCsSens is a spin-off from the Sensors, Microsystems and Actuators Laboratory of Louvain (SMALL) research group, within the Electrical Engineering Department (ELEN), Institute of Information and Communication Technologies, Electronics and Applied Mathematics (ICTEAM), Université catholique de. KEYENCE INTERNATIONAL (BELGIUM) provides Fibre Optic Sensors; Perform high-performance, high-speed detection with optical fibres designed to be used in a variety of environment conditions. The investment round is supported by its current investors Finindus, PMV QBIC II.

Article Content

High-Quality Best Fiber Optic Sensor Systems Product, Manufacturer

Smart Ways To Fiber Optic Sensor Systems Manufacturers You Can Rely On Global Reach In today's fast-paced digital landscape, the demand for advanced fiber optic sensor systems is more critical

Sensors Manufacturer/producer Belgium | B2B companies and

71 suppliers for sensors Manufacturer/Producer Find wholesalers and contact them directly B2B marketplace Find companies now!

Fiber optic shape sensing

Fiber optic shape sensing has an outstanding capability to sense curvature and shape in 2D and 3D. The technology will enable cutting-edge applications in the fields of robotic and standard minimally

Eurofiber establishes national presence in Belgian fiber-optic market ...

The acquisition enables Eurofiber to expand its existing fiber-optic network capacity in Belgium by 7,500 km, giving the company a nationwide network in Belgium to match its national

Eurofiber establishes national presence in Belgian fiber-optic market ...

Our ambition is to be a national provider of fiber-optic connectivity for the business market in Belgium with a unique proposition – our open network.” Lars Alkema, Managing Director Eurofiber Belgium:

PRESS RELEASE

The company was incorporated in 2018 as a spin-off of the world-renowned Photonics Research Group of Ghent University and imec to commercialize more than a decade of research in silicon photonics

About Sentea

A team of researchers from the PRG together with seasoned managers, and supported by a consortium of leading Belgian high-tech investors, founded the company in 2018 to commercialize 10 years of

Belgian fibre market is growing, but lags far behind Europe

The Belgian fibre optic market is one of the fastest growers in Europe. The number of connected buildings increased to more than 600,000, up

Fiber optic sensors and fiber optics | Baumer Belgium

The selection of the right fiber optic sensor and the suitable fiber optics are crucial for reliable object detection even under demanding environmental conditions.

A Belgian theater goes for fiber optic for fire and intrusion detection

The theater has recently been equipped with an innovative detection system and patented by the company SENSOREA: the TPHASE. This sensor uses optical fiber to detect

Fiber optic sensors and fiber optics | Baumer Belgium

Fiber optic sensors and fiber optics - limitless and customized The perfect solution with the fiber optics sensor toolbox Over 350 customized fiber optic solutions Smaller, more precise, faster Robust - High

Business fiber optic: fast, reliable and flexible

The fast-growing Belgian scale-up Aerospacelab has chosen Eurofiber as a trusted partner for digital infrastructure that guarantees security, scalability, and continuity.

Fibre Optic Sensors | KEYENCE International Belgium

KEYENCE INTERNATIONAL (BELGIUM) provides Fibre Optic Sensors; Perform high-performance, high-speed detection with optical fibres designed to be used in

Fibre Optic Sensors - Mouser Belgium

Fibre Optic Sensors are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Fibre Optic Sensors.

High-Quality Fiber Optic Sensor Systems from Leading Manufacturers

I'm excited to share our top-of-the-line Fiber Optic Sensor Systems designed for a variety of industrial applications. I know how crucial it is for B2B purchasers like you to find high-quality products that

Optical biosensing for diagnostics and life science

Therefore, the Biosensors group established fiber optic (FO)-SPR sensors, as as a cost-effective and easy-to-use alternative, which was brought to

7 Top Sensors Companies in Belgium · May 2026 | F6S

Detailed info and reviews on 7 top Sensors companies and startups in Belgium in 2026. Get the latest updates on their products, jobs, funding, investors, founders and more.

B-SENS - Creative sensing solutions

Industrialized optical fiber grating sensing solutions B-SENS develops fully-customizable temperature, strain & gas multipoint sensors for the reliable monitoring of industrial assets B-SENS is a spin-off

Discover Matrix Fiber Sensors for Multi-Point Detection Precision

Explore the technological advancements of fiber optic sensing technology in industrial applications. Understand core principles, key features, and advantages of photoelectric and laser distance

Applications for Fibre Optic Sensors | Tippkemper-Matrix

Applications Applications for Tippkemper Elektronik and Matrix Elektronik products include gas and dust explosive atmospheres, hazardous areas, heavily polluted atmospheres, high voltage environments,

Luna Innovations | Fiber Optic Sensing and

Luna fiber optic sensing and measurement systems help design, build and maintain products and processes for aerospace, energy, and more. Explore solutions now.

Matrix Fiber Optic Sensor 12-24V DC Photoelectric Sensor High ...

Matrix Fiber Optic Sensor 12-24V DC Photoelectric Sensor High Performance Optic Fiber Sensor 11MM Width of Detection Surface Semi-Automatic PET Bottle Blowing Machine Bottle Making Machine

Top Sensor Companies In Belgium In 2026

Other notable sensor companies in Belgium include Barco, OnSemiconductor, and X-FAB. These companies are known for their innovative sensor technologies, high-quality products, and reliable

Fibre optic infrastructure options | Belgian Institute for

Partial optical fibre networks with copper of Proximus In Belgium Proximus operates the only partial fibre-copper network. A fibre optic cable leaves

OEM Matrix Fiber Optic Sensor Through Beam Fiber

OEM Matrix Fiber Optic Sensor Through Beam Fiber Area Sensor 45mm Range Fft-45ml, Find Details and Price about Matrix Fiber Sensor Area Sensor from OEM

Spectricity raises €14m for tiny hyperspectral sensor

Belgian startup Spectricity has raised €14m (\$16m) to accelerate the development and mass production of its CMOS-based tiny hyperspectral sensors

Matrix fiber-F& C sensors

The fiber core density is high, and the detection accuracy is high. It can be used to distinguish large and small objects, and to correct deviation detection of products or tapes.
