

# Cable tray connection bolt fixing

## Overview

The fittings can be fastened to the cable tray rail either with double clamps of type DOP A2 or with truss-head bolts of type FRS and combination nuts. The exceptions to this are vertical bends, adjustable bend elements and fittings with a side height of 35 mm. From network core to service delivery edge, Netceed offers a wide range of tailored products, materials and solutions, supported by our global team of service delivery experts. Discover Cable Tray Fixing Bolts from Netceed UK. These cable tray fittings and accessories are essential for the seamless installation of an integrated cable management. Specifically designed to provide a rapid and secure fixing when erecting cable trays. Whether you're managing voice, data, or electrical cables, ensuring your trays are installed correctly is essential to keeping everything neat, secure, and functional.
