

Egyptian Optical Power Module Company

Overview

The Company manufactures and sells advanced optical, electro optical and electronic systems for military and commercial applications. Mustafa Madbouly, PM of Egypt, held a grand launch ceremony in Aswan Province, announcing the official operation of the Kang Ombo Photovoltaic Power Station, in which Hengtong proudly participated. Covering an area of 10 km² with an installed capacity of 500. Our modular systems are built to cut weeks off your workflow, eliminate setup headaches, and take you from concept to results—fast. Trusted by universities, businesses, and research institutions around the world. Why Choose PEModule?

We help professionals, educators, and researchers get results. From display technologies to embedded computing, custom monitors, power systems, and specialized components, we deliver reliable solutions that power the region's most ambitious industrial and technological projects. We don't just meet your specifications—we elevate them. 6 million in revenue and 161 employees. Established in 1982 under the Egyptian Investment Law. during his tour to inspect a number of projects and factories in the Suez Canal Economic Zone (SCZone).
