

Extra-large enclosure electrical distribution box

Overview

Floor-standing and wall-mount large electrical enclosures rated NEMA 4X and IP66, built in stainless steel, carbon steel, and FRP for substations, process plants, and heavy industrial installations. No matter how harsh the environment is, there is always a proper enclosure for your needs. Thanks to protection ratings and high quality cable (from 65 x 65 mm up to 361 x 254 mm) plus 3 different cover heights are available. KDM has been manufacturing electrical enclosures of different types, sizes, layouts, materials, and protection standards. KDM is open to customized orders and will spare no effort in satisfying your most detailed requirements. (Grey Cover, 13"x13"x5). Our products are designed to be used in explosive atmospheres classified as Zones 1, 2, 21, and 22 and to accommodate Ex components and terminals inside them. Large electrical enclosures protect important power and control systems. These enclosures keep equipment safe from dust, water, heat, and impact, helping systems run smoothly and safely.
