

# Fiber Optic Cable Longitudinal Section Reel Box

## Overview

OptiReel is a self-contained payout box to facilitate storage, handling and pulling of cables. The packaging greatly reduces set-up time for each pull. Reel in a Box is Corning's innovative packaging solution for small reels of fiber optic cable in all inside plant applications, such as collocation data centers and wireless projects. Corning AFL's "Fiber-in-a-Box" solution offers contractors lightweight, easy to use cable packaging with "out of the box" disbursement of fiber cable. Adjust. Fulfils the toughest specifications of harsh environment fiber optic systems in the world today. +49 (0) 5208 7004-0 Our quality management system has been ISO 9001-certified since 1997, and our environmental management. Using a Fiber Optic Cable Reel allows for mobility and safe storage of fiber cables that are constantly being utilized and moved to different locations. Storing the fiber on the cable reel secures the.
