

High-precision jumpers from Egyptian MPO manufacturer direct supply

Overview

As a direct source factory, we specialize in 100% bespoke, ultra-low loss jumper cables tailored for seamless switch-to-switch and switch-to-panel routing. Eliminate cable clutter and ensure maximum airflow with our exact custom lengths and ultra-flexible micro-jackets. Optimize your rack space with Wolontek's precision-engineered MTP/MPO patch cords. The compact design of the MTP footprint and Siemon's 2mm diameter RazorCore cable achieves greater connectivity access, reduction in cable pathway congestion and improved airflow around the active equipment. Multi-fiber connectivity solutions for 40G/100G networks. This jumper provides direct MPO-to-MPO connectivity with low-loss components, enabling rapid. However, if we are looking for optical jumpers with superior specifications (e. IEC 61753-1 Grade B or above level), then the difficulty of manufacturing them will increase, so as the cost.
