

How much does stainless steel mesh cable tray cost per meter

Overview

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. For bulk orders or project pricing, the cost can be significantly lower. The main cost driver is the material used in manufacturing: Galvanized steel is the most common. The majority of individuals will consider the cost of the components. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation. Made from passivated A2 stainless steel (AISI 304), it delivers Class 9C corrosion resistance with over 850 hours of durability in harsh conditions—making it ideal for industrial or. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. That number matters, but it's rarely the one that decides whether a project stays within budget. Consider the load capacity required for your application, the cable tray type (ladder, perforated, solid-bottom, wire mesh), material (galvanized steel, stainless steel, aluminum, FRP), and dimensions (width, height, side rail height). Compliance with industry standards (NEMA VE 1, IEC 61537, BS EN.
