

Palestine 8-core fiber optic distribution box

Overview

It integrates fiber splicing, splitting, distribution, storage, and cable connection in one solid protection box. Remark: Compatible with Corning + HuaWei + waterproof adaptor. Feature: The body is made of high-quality engineering plastic with good strength. They only need to unscrew and open the window to check the fiber. FTT-208 terminal box into FTTX series desktop box, FTTX series outdoor box and regular terminal box. The high strength plastic, anti-ultraviolet radiation and ultraviolet radiation resistant, resistant to rain. The box with "Lock" infrastructure, box of body switching of simple, convenient, with a. The 8-core fiber distribution box provided by OTRANS can effectively improve the stability and security of network transmission, and is widely used in FTTH network, CATV network, local area network, telecom network D and other scenarios. It is ideal to be placed in corridor and. Pay safely at your doorstep. Shipping calculated at checkout.
