

Tanzania s telecommunications industry fiber optic cables

Overview

In a significant stride towards enhancing the nation's digital economy, the Government has unveiled ambitious plans to accelerate connectivity through the National Fibre Optic Cable network, known as the National ICT Broadband Backbone (NICTBB). Raddy Fiber Manufacturing (T) Limited, a subsidiary of our parent company, is strategically located in Mwanambaya, a part of the Mkuranga district within the Coast Region, conveniently situated just 25 kilometers from Dar-es-Salaam. This announcement was made on 18 th September 2024 by TTCL's Director of Engineering, Engineer Cecil Francis at the Connect 2 Connect Conference. In the Africa region, the Fiber Optic Cable market in Tanzania is projected to expand at a stable growth rate of 1. The largest economy is Egypt, followed by South Africa, Ethiopia, Algeria and Nigeria. The Tanzania Fiber Optic Cable Market has been experiencing significant growth. Govt connects 106 districts on optic fibre network Published at 06:00 AM Jan 31 2025 Photo: Cheji Bakari Communications and Information Technology Minister Jerry Slaa (R) briefs Tanga Regional Commissioner Ambassador Dr. Batilda Burian(L) on ICT development in the country at her office in Tanga. Tanzania is contemplating to soon start exporting fibre optic cables since the rate and quality of productivity of modern connectivity backbone continues at the plant located in the country's coastal region. we cooperate with many wholesalers and distributors of fiber optic cables and.
