

Warranty for Edge Data Center 1U

Overview

Warranty: Standard 3-year warranty for both electronics and batteries. Vertiv™ Edge is a family of highly reliable, efficient, manageable and flexible line interactive sinewave UPSs, with models ranging from 500VA to 3000VA in 1U, 2U, 3U, mini-tower, rack tower and rack-mount form factors. The Warranty detailed below is granted by Edgecore Networks Corporation (hereinafter referred to as "Edgecore Networks") and applies to Edgecore Networks brand products (hereinafter referred to as the "Product" or "Products") sold by Edgecore Networks subsidiaries, affiliates, authorized resellers. Warranty: Standard 3-year warranty for both electronics and batteries. The telecommunications landscape is shifting as accelerated computing becomes mainstream. This transformation unlocks the potential to monetize the telco edge with AI applications, by offering GPU. The 1U, one-socket PowerEdge R470 is tailored to help you reach your budgetary requirements with optimized power and balanced performance in your data center. Selections may result in additional updates to the overall configuration, which may impact the price for Support and Services and the total. Could offer Dell® hardware warranty based on your purchase: Dell® ProSupport Next Business Day Onsite, 5 Years & Dell® ProSupport 7x24 Technical Support, 5 Years. More details are available here. Heat Dissipation of 2891 BTU/hr Command Center Model.
