

# Which type of cable tray is best in Saudi Arabia

## Overview

Hot-dip galvanised steel is the standard for most projects due to its strength and resistance to Saudi Arabia's heat and UV exposure. Our Cable Tray System offers a robust and flexible solution to safely route, protect, and support electrical and communication cables. Engineered with durability, adaptability, and ease of installation in mind, our systems cater to various requirements, ensuring seamless cable management for any. As per 6Wresearch, in recent years, Saudi Arabia cable tray market has witnessed enormous growth and development. This growth of the market can be attributed to the contribution of market leaders who have played a pivotal role in shaping the market dynamics. One of the major contributions of these. Selecting the right cable tray manufacturer in the Middle East can be challenging, as it requires evaluating regional standards, environmental durability, and compliance factors. Supplied in (a) FRP/GRP (b) Stainless Steel. Cable trays & Ladders. Wescosa designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Dammam Saudi Arabia. All trays are manufactured and tested in accordance with the latest NEMA and IEC 61537 Standards. Adhwa offers aluminium, mill-galvanized steel, hot-dipped galvanized, (HDG).
